- D. wants to become a better school photographer

Correct Answer:

B

Handouts

School Photographer

By Kristine O'Connell George

When I am behind my camera lens
I can make people stand closer,
wrap their arms around each other,
even get them to smile.
When I am behind my camera lens
I see things others don't.
I can record a single moment
That distorts or tells the truth.
When I am behind my camera lens
I can see everything
Except my own self, hiding
behind my camera.
